### FROM THE PRINCIPAL'S DESK

Hi Everyone

#### Pyjama day

All week we have been very excited and this excitement is mounting for tomorrow as we host the National Pyjama Day. Students, staff, parents and visitors are encouraged to wear their favourite pyjamas to school and wear their PJ's during the whole day and of course bring a gold coin donation. I acknowledge the work of the SRC for their excellent planning and can't wait to see all your awesome PJ's! All money raised will go towards Children in Foster Care.

#### Parent opinion survey

The annual Parent Opinion Survey commences on Monday 25<sup>th</sup> July to 5<sup>th</sup> August 2016. The survey is an important part of every school's parent engagement strategies and assists with future planning and improvement. Parents are randomly selected to participate in the annual survey and requested to return the survey as soon as possible. Confidentiality is maintained in the consolidated report which returns to school later in the year.

#### Student Representative Council (SRC)

On the 22<sup>nd</sup> July members of the SRC and school leaders will be taking part in a training day that will build on their leadership skills and assist them in representing the student voice. After this training day, the SRC will work together to create a plan for what they wish to achieve for the rest of the year. This training day will be extremely valuable for all involved. Student voice is welcome in our planning processes to provide the student perspective of how to provide the best possible learning environment and learning opportunities across the school.

#### Collecting students at the end of the day

Parents are requested to ensure their car is parked adjacent at the kerb before students enter the car. Many parents are parking in the centre of the road and calling children to the car. The road system at the end of the day is very busy with many vehicles and with children moving onto the road during this very busy time presents a very real safety issue. I thank parents for their support with this matter.

Please ensure your child attends school every day (unless ill) and arrives on time to commence their learning.

Kind regards Garry & Staff

### Friendships and stages

The people around us have a big impact on our lives, especially friends. Therefore, it's natural for parents to want to pay close attention to who their child is associating with. Just knowing what is normal age-related behaviour for kids and friendships can help relieve parents' concerns.

**3-4 years (pre-schoolers):** need familiar adults for security as they explore and play. For instance, they may often be reluctant to go to a friend's house alone. Pre-schoolers start to develop real friendships with other kids, but conflict is common, and they'll typically seek adult assistance to rectify the issues.

**5-7 years:** can manage feelings and social situations with greater independence; are more aware of other people's feelings; have improved skills for forming and maintaining friendships; start becoming self-conscious in social situations; and are aware of being accepted by 'the group'.

**8-12 years (tweenies):** not yet a teenager, but no longer a little child; less reliant on parents as more inclined to want to sleep over at a friend's house; becomes more aware of their body (especially due to puberty); far more aware of the influence of peers' opinions; gossiping about friends also increases; and they will likely have formed their 'in-group' of friends.

### Summing up

Friends are an important part of your child's healthy development. Remember, only your child can pick their friends. You can create opportunities for them to spend time with certain kids (especially when they're younger), but your child will naturally be attracted to some kids over others. As long as they are safe, then it's important to allow and respect this, as forcing your opinion with friendships can lead them to rebel.
