Safe Around Schools

What can your family do to help to reduce congestion around your school?

One of these options may work for your family.

- ✓ **Walk or ride to school.** Start the day with some fresh air and exercise and avoid car congestion.
- ✓ **Your school has a Walk to School map.** Grab a copy and find the best walking route to your school.
- ✓ **Park and walk.** Park a little further away from school and enjoy a short walk - avoiding car congestion and parking pressure.
- ✓ **Carpool with a friend.** Share pick up and drop off with friends - this reduces the number of cars around your school.

Hi, my name is **Yakub** and I'm in Prep. I am still learning all the new rules for school. My parents park a few streets away from school and we walk together to get some daily exercise. They always hold hands with me and use the Pedestrian crossing to cross the road.

Your Walk to School Map will be posted on Compass next week!
