Upload list

Arriving at the School List Service landing page, first select your state, child's school, and year level from the drop-down menus.

Once your details have been selected, click "View Options" to view your booklist.

Your booklist will automatically appear with items tailored by your school.

These are categorised by 'subject', if any, which can be expanded and collapsed for easy reviewing.

QTYs can be changed, you can pick from different colours, and you only need to select the items you require.

Your school may choose to mark items as either Essential or Optional.
Essential = Important items that your child should have
Optional = Extra items your child may need
